

RADIO JOVE RADIO TELESCOPE KIT ORDER FORM

(Please print, complete and mail with payment.)

*** Please allow 3 to 4 weeks for delivery. ***

IMPORTANT: Before you order the Jove receiver kit and/or the antenna kit, we suggest that you read the on-line manuals. You will need to provide additional materials and tools to complete the antenna. The cost of additional materials for the antenna support structure (masts, etc.) may be in the range of \$75 to \$100 U.S. Also note that the optimal antenna height can be up to 20ft, depending upon your latitude.

Item # RJK: Complete Radio JOVE Kit This complete kit includes the unbuilt Radio JOVE Receiver Kit (RJR), Antenna Kit (RJA), printed construction manuals, RJ Reference CD (RJC), the Educational CD (RJJ), Radio-SkyPipe, and Radio-Jupiter Pro software Licenses. (Note: Kit does <u>not</u> include antenna support structure.) Price: \$190 + Shipping (See tables for shipping fees.)  A banner for the Radio JOVE project. On the left is a close-up of a planet's surface. In the center, the words "Radio JOVE" are written in large, 3D, yellow letters. To the right, the text "Solar & Planetary Radio Astronomy for Schools" is written in a smaller, white font. On the far right is a close-up of a planet's surface, possibly Jupiter, showing its characteristic bands and spots.
